CAPE ARID REGION

841 kilometres from Perth Point Zero

“Maybe a wasp catching a spider. Huge waves rolling across the horizon. Patterns on the sand changing with the wash of the tide. Birds fledging. Things of the moment.

Another term we have for these things is ‘soul pictures’....”

THE DIARY OF PHILIPPA NIKULINSKY

A RETURN TO THOMAS RIVER 2024

The widest expanse of beach sweeps around the coast line, seemingly desolate against the daunting shadow of a distant Cape Arid. We revisit Thomas River, as this ever-changing estuary flows like a constant companion to meet the Southern Ocean with unquestioning loyalty. A python slides quietly by, as microscopic activities from nectar-seeking insects and birds complete the connection from dense shrubbery, to the distant ocean frolics of Southern Right Whales, Common Dolphins, White-bellied Sea-Eagles, and the slippery scurry of a Swift-footed Crab. All in a day's work at Thomas River – Mother Nature must be exhausted!

FILTER COFFEE

The inherent nature of filter brewed coffee paired with the flavour profile of our featured roasters, allows for a lower acidity, greater sweetness, and a cleaner finish. This offers the perfect coffee accompaniment to the Cape Arid Rooms afternoon tea menu. By using a higher percentage of water and a longer extraction time, filter coffee – when compared to espresso, enhances the unique characteristics associated with the individual processing, terroir and roast profile. All of these factors lead to a better expression of a coffee, delivering the finest flavour experience to the end consumer.

In this edition, we are delighted to introduce you to the flavours of Finca El Silencio. Owned by Rivier Quintero and located in the highlands of the municipality Inzá, Cauca, this farm spans between two mountains of the Colombian Andes. Rivier named the farm El Silencio in dedication to the peace and tranquillity that his lofty home exudes, and with three generations of coffee producers in the family line, his wife Flor and their son's continue the tradition by working the business together.

HORIZON GIN

It began with father and son; an avid gardener, a wild windsurfer, a deep passion for local greenery, and the creation of Australia's smallest gin distillery. Bottling the spirit of a remote coastal region became an impassioned endeavour that led to the beginnings of the Esperance Distillery Co, and there a deeply personal partnership with the team at the Cape Arid Rooms began.

Following an expedition to Cape Arid; guided with consultation by Esperance Tjaltjraak Native Title Aboriginal Corporation, and botanists, a variety of botanicals endemic to Esperance were identified for the delicate aromatic properties required. Then carefully collected for creation, further workings with nurseries have been established to encourage propagation and conservation of species, for the future preservation of continued regeneration.

Inspired by Philippa Nikulinsky's exquisite artistic expressions of the area, and the unique formulation of an exciting and vibrant recipe; this is a take-home experience bottled from the fires of curiosity, driven by the desires for excellence.
